**Electro-Magnetism, the New Means of Cure.**

Dr. E. Robbins' Electro-Magnetic Institute, corner of First and Spring streets, is now fitted up with considerable expense, with everything that is necessary to cure chronic and so-called incurable diseases, by the finest electrical apparatus in the world. Turkish and Russian baths; also electric, sulphur and electrolytic baths. Dr. Robbins has had several years' experience in the Australian colonies, San Francisco, and other places, and has cured many cases of chronic diseases when all else had failed, and therefore all persons suffering should try this new remedy before abandoning all hope. After every medical treatment the patients are given a Massage treatment by persons of their own sex. The doctor diagnoses diseases without explanation from the patient, free of charge. His office hours are 9 to 12, 1 to 5 and 7 to 9. Bath department open Sundays from 9 A. M. to 12 M.

Dyspeptics should use Burke's porter.

**Some Foolish People**

Allow a cough to run until it gets beyond the reach of medicine. They often say, oh, it will wear away, but in most cases it wears them away. Could they be induced to try the surest and most reliable remedy, Kemp's Balsam, which we will sell on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 50c and \$1. Trial size free. H. D. Godfrey, druggist.

**Our Rapid Transitory Existence**  
Brief as it is at the longest, it is liable to be materially curtailed by our own indiscretions. The dyspeptic, who eats and drinks without the proper food, and the rheumatic, who indulges in damp clothes, and then wonder when ill how they became so. To persons with a tendency to neuritis, the recommendation of the daily use of Hostetter's Stomach Bitters, and always a winglassful after unavoidable exposure in damp or otherwise inclement weather. Efficient protection is afforded by this pleasant safeguard, which diffuses a genial glow through the system, invigorates and tones it, and promotes nerve tranquility. Fever and ague, biliousness, constipation, dyspepsia, and other disorders are among the maladies which it remedies and prevents.

**The Homeliest Man in Los Angeles**  
As well as the handsomest man and others are invited to call on H. D. Godfrey and get free a trial bottle of Kemp's Balsam for the throat and lungs, a remedy that is selling entirely upon its merits and is guaranteed to cure and relieve all chronic and acute coughs, asthma, bronchitis and consumption. Price 50c and \$1. Trial size free.

**A Sensitive Man**  
Would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and a throat and lung trouble, than any other medicine. The proprietor has authorized H. D. Godfrey to refund your money if, after taking three-fourths of a bottle, relief is not obtained. Price 50c and \$1. Trial size free.

**Nadeau House.**  
The only first-class hotel in Los Angeles. Two hundred rooms, furnished with the latest and best of the art and elegance that money can procure. Thirty suites of rooms, elevator and fire alarm system. J. H. Nadeau, Proprietor.

**A New Lumber Yard**  
Has been established by the Schallert-Gasahl Lumber Company on Washington street, nearly opposite the Washington garden, where there is a full line of all kinds of lumber and building material.

**Pico House.**  
For first class accommodations and gentlemanly treatment go to the Pico House, Los Angeles. Terms reasonable. Special arrangements for families and large parties.

If you want real estate read the advertisement of W. P. McIntosh in another column. Burke's porter is endorsed by every physician.

**Marmalades and Jams for your Table**  
At low prices in single jars, or cases of a dozen can be had at the new store of the Barnard & Benedict Fruit Crystallizing Co., 46 S. Spring street.

**Remember Your Eastern Friends**  
And send them a box of crystallized California fruits from the new store of Barnard & Benedict Fruit Crystallizing Co., 46 S. Spring street.

**"Mother Curry's Salve"**  
Will heal all inflammation on without pain to the sufferer. It is soothing and cooling pleasant to the smell, does not draw like other salves. For sale by C. F. Helmsman, sole agent. Price 25 cents.

Burke's porter is a "Swift" tonic.

**The Population of Los Angeles**  
Is about forty thousand, and we would say at least one half are troubled with some affection of the throat and lungs. As these complaints are, according to statistics, more numerous than others, we would advise all not to neglect the opportunity to call on us and get a bottle of Kemp's Balsam for the throat and lungs. Trial size free. Price 50c and \$1. For sale by H. D. Godfrey, Nadeau Block.

**REV. E. J. WHITNEY**, of Clarkson, N. Y. says Gilmore's Aromatic Wine for female weakness, stands without a rival. For sale by H. D. Godfrey, Nadeau Block.

**HAMBURG FIGS.**

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure for the reason that no one likes to take the medicine that is usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found as effective as pleasant to the taste of women and children. 25 cents.

**DR. FLINT'S HEART REMEDY.**

Dr. FLINT'S HEART REMEDY banishes from those afflicted with heart disease all fear, either of sudden death, or the development of those terrible brain diseases which result in insanity. It is one of the best remedies known for headache, which is often dependent upon disease of the heart, sometimes upon nervous disease, and sometimes upon derangement of the circulation. It is described in two treatises with each bottle, or mailed free.

These Remedies are for sale by all Druggists.

**M. L. WICKS**

OVER THE POSTOFFICE,

Los Angeles. 0103m

FOR SALE.

40 ACRES OF FINE LAND FOR SALE,

with plenty of water, pure mountain springs, for all purposes; fine white sulphur springs adjoining the premises; a house and fine bearing orchard thirteen years old upon the place; all kinds of fruits. Title perfect. No fog; altitude 1200 feet; sure cure for asthma, dyspepsia, rheumatism, malaria, liver complaints, etc.; 43 miles from Los Angeles city, north, on P. & R. R. at Lang Station, in Los Angeles county. Any person has only to see the property, and decide whether it is a bargain. Price, \$27,500 cash. I have lived 16 years at these springs and pronounce it the finest climate in America, intend living my lifetime here. Postoffice, express, schools, etc. here. For further particulars inquire of owner, at Sulphur Springs Hotel, Lang Station, Los Angeles county, Cal. 067

Attention, Everybody!

A fine opportunity is offered for investment. I now offer for sale the entire property at Lang's Station, on S. P. R. R., forty-three miles from Los Angeles, viz: the following: 240 acres of fine land with abundance of water to irrigate every foot of the land. This is a doubt the finest head on the land and is located on the highest ground at the head of the range, where it can run in ditches all over the property, which it is doing at the present time. Never any scale bug known in this section. Vineyards, flower gardens, fine two-story hotel only two years built, recently finished throughout. Depot, post office, express and ticket offices here at hotel door. Schools convenient. No fog. Altitude 1200 feet. Title to land, water and everything perfect. Am not particular about full payment down, as the property is good security. This is a doubt the finest opportunity in the State for establishing a large, paying and attractive health resort. The sulphur spring being in beautiful groves of very large growth, completely shading them. These springs boil up in plain sight, clear and sparkling as a diamond, beautiful to drink. During my sixteen years' residence right here at these springs, I have yet to find the first one coming here with asthma, dyspepsia, coughs, chills, liver complaints—almost anything, no needed consumption—but left here entirely cured. I believe this the healthiest spot the sun shines on. Were 125 years younger this property could not be bought for twice the amount I will take now, which is \$25,000. Age demands of me retirement from an active business life, hence for the first time I offer to sell. Now let no one think this is a speculation on my part. I have an adjoining ranch where I intend spending the balance of my life privately, on account of health, believing I will live to a greater age.

Address all communications to the proprietor.

JOHN LANG,  
Sulphur Springs Hotel,  
Lang's Station.

A POSITIVE Cure without Medicine, patented October 16th, 1875. One box will cure the most obstinate case in four days or less.

**ALLEN'S SOLUBLE MEDICATED BOUGIES**

No nauseous doses of cubeba, copaiba or oil of sandalwood, but are certain to produce dyspepsia by destroying the coatings of the stomach.

Price \$1.50. Sold by all druggists, or mailed on receipt of price. For further particulars send for circular.

## DAILY HERALD

Single Copies of the Herald, 5 Cents

**THIS PAPER** is kept on file at the office of the **U. S. DEPT. OF AGRICULTURE**, Washington, D. C., where copies for advertising can be made for it.

**Herald Steam Printing House.** The Herald Steam Printing House is not surpassed by any job printing office on the Pacific Coast, outside of San Francisco, in facilities for doing job work. Low prices, good work and execution may be relied upon at this office.

**Special Notice.** Hereafter notices of companies, societies, churches, etc., will only be inserted in the Herald as paid advertisements. We reserve for places of worship a gratuitous directory which will appear every Sunday morning.

The Herald office is connected with the telephone system of Los Angeles city and county. Orders for advertisements or job work may be sent through this medium to number 114.

The Herald is the official paper of the city of Los Angeles. The city delinquent tax lists and all other municipal notices appear only in its columns.

Dr. B. N. Rowe is the Santa Ana agent of the Herald.

La Brea—J. F. FIGUEROA, OF LOS ANGELES.

La Brea—M. K. BARRETT, OF LOS ANGELES.

El Monte—J. W. S. BORDEN, OF LOS ANGELES.

## The Contrast.

STATE AND PARTY COUNTY TAXES

1884-5, city tax, \$105,252

1885-6, city tax, 256,176

Increase first year of Republican party in power, \$150,924; per cent. of increase, 203, nearly. Result—no roads, no buildings, nothing.

## Temporary Retirement.

During the current canvass Mr. Joseph D. Lynch, the Democratic nominee for Congress, in the Sixth District, will surrender the editorial supervision of the Herald.

## The Candidates.

Sunday morning the Herald reviewed the whole county ticket, and intended that a similar sketch of each candidate on the State ticket should have appeared. By an oversight in the composing room this latter article was left out of our columns. In that issue attention was called to the general excellence of both tickets over those of our political rivals.

For the sake of reducing such a comparison to a point, we would select to-day one candidate from each ticket. Let it be one which has a local interest for us, and yet of national importance. Let it be the two candidates for Congress. Joseph D. Lynch, the Democratic nominee, is one of the best known men in this section, and his views are as well known as his. If ever a man had the courage of his views, he has it. He has never beat about the bush to conceal what he thinks. In making his campaign canvass he has been received everywhere with marked enthusiasm. The most cordial welcome has been accorded him at all points. His discussions have been at all times and on all occasions of the subjects nearest the thoughts and interests of the people he seeks to represent. He has not had to go back a quarter of a century for a *raison d'être* for himself or his party. He has manifested on the stump, as he has in his writings, a living interest, the closest acquaintance, the most comprehensive grasp of the matters of immediate temporal concern to this section. In these discussions he has developed a keen power of analysis, and a most forcible style of putting things which have commanded the attention and the approbation of his hearers. These aspects of the question have made him hundreds of votes wherever he has appeared.

This is a most important view of

the matter. Here we have a very rapidly developing region. Los Angeles is the second county in the State. The great register will contain over 16,000 votes; that of Alameda has but 15,000. This city is probably the second city of the State. If not, she will be before the winter is over. Only once or twice before in the history of the country has this growth been equalled. In addition to this great growth, there is the peculiar character of our products and situation. Here is a coast line facing the Pacific and the great commercial interests on the shores of the world's greatest sea. Here are the fruits of the semi-tropic zone. There are harbors to be looked to, lighthouses to be built, and many other matters closely connected with national commerce, all claiming intelligent and vigorous attention. There are the wine and brandy industries, the enterprises of varied and complex nature that center in our fruit orchards, which will surely call for legislation at once. The irrigation question is more than likely to get into the Federal Courts, and be taken to Congress for settlement. No novice, no man less than thoroughly informed on these subjects, is qualified to legislate for us, and to watch over these interests at the National Capital. The burning question of Chinese restriction will come up again. The silver question will press itself forward for consideration. We all know exactly where Mr. Lynch stands on them. His views are clearly defined, and have been openly expressed. In sending him to Congress we take no chances. In voting for him we know we are voting for the most stalwart champion of our material interests among us. These are known, indisputable facts, and they are patent advantages on his side which are sure to elect him, as it is sure that the majority of men put their country, their State, their section, their own material interests above the narrow lines of party politics.

The Republican candidate has made his canvass almost side by side with his opponent. He began here, and it has been the same wherever he has gone. He was probably nominated because he was not known. Having been in the State but a short time, and during that time having been engaged in no material interest, or industry of the country, few knew anything of him or of his characteristics. It is an open secret here, that some of his friends, and not a few of them, are more than lukewarm about him and his fate. If there is anyone anywhere who is much interested in these matters the world is in darkness as to the fact. This lukewarmness has steadily grown since the canvass began. It is the direct result of fatal blunders made by the gallant General wherever he has spoken. Wherever he has uttered his sentiments he has caused indifference, if not hostility. This comes from the old gentleman's lack of acquaintance with the character, temperament, interests and temperaments of the people he fondly thinks he is going to represent. These people know that if elected Gen. Vandever will fail to represent them. Who would be represented? Does any one know? Has he given the least indication on this point? Where will he stand on the Chinese question? Men who go to their haunts to sing psalms do not usually object to them. Will he represent the wine-makers? It is more than hinted that he is a strong anti-liquor man, if not a prohibitionist, and it is certain he cannot tell the difference between claret and hock. He would make a lucid exposition on the question of fortifying sweet wines! Where is he on the silver question, and what attitude would he take on riparian water laws or the already vested rights of irrigators? Does he know the ports along our coasts, and if he knows their names and locations, what does he know about their commerce, and the possibilities thereof? The people know the old gentleman has been dumb on these subjects while waving the bloody shirt and delivering lectures on the reminiscences of the war. They are firmly persuaded that he has chosen the subject he knows something of, and has carefully avoided those to which he never gave a moment's thought. They know he would not represent any class of the people a bit better than he would the citizens of foreign birth, he being a candidate on the Know-Nothing ticket. For these good reasons they will elect the old General to remain at his nice little home by the sea in lovely Ventura. There by the low wash of the peaceful ocean, in the semi-tropic sunshine, he may indulge in the quiet dreams of manhood's closing years, free from the distracting cares of office and the turmoil of life in the National Capital, and away from the miasma of Washington. On Sundays he may indulge his little vagary of going down and singing Christian hymns to the Mongolians who are non-convertible—but that will not matter, the amiable old man will dream they are, and that will do just as well. Meantime Lynch will battle away in Congress, get us free brandy for sweet wines, a protective tariff on our fruits and their products, free coinage of silver, harbors, breakwaters, and federal buildings, and all the things that interest the young, the strong, the new generation of the day. As Lynch compares to Vandever, will hold true in an astonishing number of cases on the two tickets. In a word, how many dollars has the amiable old General paid for white labor in this State? How many for labor done for himself in his life anywhere? Here is a comparison that would astonish people if made all along the two tickets.

## Democratic Name Meetings.

Col. J. J. Ayres and Wm. Graves, Esq., will address the people as follows:

FOR SALE—Farms of all sizes, and town lots for sale by C. T. WILSON, Iron Sulphur Springs, Fulton Wells P. O., Cal. 542m

## COUNCIL.

## Recommendations of Board of Public Works.

## THAT FIRE ENGINE.

## A Number of Committee Reports for Advertising of Bids Acted Upon—Petitions.

The Council met at 2 P. M. yesterday afternoon, President Sinabugh in the Chair. Present—Messrs. Breed, Frankland, Goss, Holbrook, Jones, Kuhrt, Perry, Stearns, Velsir, Willard, Sinabugh.

The minutes of the previous meeting were read and approved.

The Superintendent of Streets reported a weekly pay roll of \$758. Committee on Finance.

The weekly report of the City Auditor was read and filed.

The Zanjero reported a weekly pay roll of \$147. Committee on Finance.

The report of the Board of Education was read and referred to the Committee on Finance. It shows a balance on hand of \$46,806.26.

A deed from Jean Sentous et al for certain land near Eleventh street for the purpose of a street was read and referred to the Board of Public Works.

The City Attorney presented an ordinance granting an extension of two years' time to the Temple street Cable Car Company for the construction of their line to the city limits. So ordered.

The contract with Henry McNamee for the construction of a 2000-pound fire bell was approved. The bell is to be delivered here by December 15th.

The contract for the construction of the bulkheads at the First and Aliso street bridges, awarded to M. H. Ledbetter, was approved and the time of completion set at sixty days from date.

THE BOARD OF PUBLIC WORKS. Recommended that Street Superintendent be instructed to put in a twelve-inch storm water drain across Main street at Arcadia. So ordered.

Recommended that the communication of Second street Cable Railroad be referred to the Superintendent of Streets with power to set. The tenor of the communication is as follows: The Second street Cable Railroad Company agree to pay \$250 towards the construction of a stone water sewer on said street if the work is commenced within thirty days and that it be commenced within necessary delay. The report was adopted, but only as far as it related to that part of the street in front of the city property on Second street.

Mr. Perry moved that a gutter be put in and across Second street between Hill and Olive streets. So ordered.

That S. B. Caswell be allowed to have south point boundary of city defined under the supervision of City Surveyor and to locate road thereon. So ordered.

That permission be granted I. Brown, et al, to grade Aliso avenue extension between Andrews and Fickett. Also Pennsylvania and Michigan avenues, the work to be done in accordance with specification for graded streets, and that contract be given to Mr. Ellis for intersections at \$2 per linear foot. So ordered.

That as W. H. Workman offers to furnish eucalyptus trees for the protection of First Street bridge approach, the Superintendent of Streets be instructed to plant same and that he make necessary fill behind the proposed bulkhead near the approaches. So ordered.

That storm waters of Buena Vista street be diverted by similar storm drains as provided for light street, as per Surveyor's plans. So ordered.

That a rail be built on each side of First street at the embankment is dangerous, the city paying two-thirds of the cost of construction and the property owners the other third. The cost is expected to be about \$600 and it is recommended that the Surveyor prepare plans and specifications for its construction. So ordered.

Recommended that the city donate \$5,000 for the levee between Macy and Mission streets, provided the property owners furnish cash and material to a like amount. After consideration the committee recommended that the city donate the same. So ordered.

That H. C. Wittmer be allowed to cut down shade trees on the corner of Second and Fort streets. So ordered.

That grade of Seventh street be established according to notice of intention, as property owners have agreed to pay all damage, but subject to slight modifications for drainage purposes. So ordered.

That petition of Mrs. E. de Bundige be referred to City Attorney. So ordered.

That Superintendent of Streets be ordered to put in a bridge across zanja at Laurel street. Referred to Committee on Zanjus.

That bid of Arthur Beck for construction of a storm water culvert on Temple street be rejected and that Cable Road Co. be allowed to lay a pipe across Temple street to discharge into Buena Vista street. So ordered.

That contract for storm water drains be awarded to James F. Beck and that City Attorney draft contract with bond set at \$500. So ordered.

Presented notices of intention to establish grade at New Depot, Burlington and Rosa streets, and recommend their publication. Laid over for one week.

Presented resolution establishing grade of Virginia street, recommending its adoption. Laid over for one week.

Presented certificate of City Surveyor for grading and recommended acceptance of Center street by the city. So ordered.

OTHER COMMITTEES. The report of the Finance Committee was read and adopted.

The Committee on Bridges recommended that the City Surveyor be instructed to make a survey and present an estimate for a wooden bridge for the crossing of the Arroyo Seco at Inley street. So ordered.

The Committee on Sewers recommended that the City Engineer be ordered to prepare proposals to furnish the city, by the canal, free, at the city corporation yard, 5000 more or less of 6-inch and 8-inch vitrified or double glazed clay pipe, with 5 inch outlet inlets and 6 inch inlets, and 24 feet of pipe furnished, in accordance with specifications. So ordered.

The Committee on Public Works, in accordance with an ordinance of 1875, granting a franchise to Geo. E. Milliken, he is bound to keep said pipe, in good repair, and that he be so notified. So ordered.

On petition of John Osborn, asked for further time. Granted.

Recommended that John McQuillen be granted an extension of 60 days for completing the contract on the zanja Madre. So ordered.

The Committee on Building recommended that the report of the Committee of arbitration on the damage to the wall of the city hall, and the bill of W. W. Wilson, arbitrator, be taken under consideration by the Committee of the Whole. Referred back to Committee on Building.

The Committee on Gas recommended that the clerk advertise for bids for street lighting for the ensuing year, or for two or more years, as may be deemed fit, to be open for electric or gas light companies and to remain so for thirty days, by which time the area to be covered is the same as at present and must aggregate 180,000 candle-power, and 5 or more additional 150 foot masts, each of 300 candle power, and as many single lights of 300 candle power on foot masts as may be deemed necessary. The lighting by gas to be on a scale to be determined by the council. So ordered.

Mr. Terry here took the chair. Mr. Sinabugh moved that the Buena Vista street electric line be moved to New High street, under the direction of the Chief of Police, and ordered lighted. So ordered.

Part of the joint committees, to which was referred the matter of the steam fire engine, recommended that the former report of the committee, and all bids for steam engines be rejected and that the clerk advertise for new bids for one week, all bids now on hand by the clerk to be held until that time. This recommendation was signed by Messrs. Holbrook, Velsir, Frankland, and Sinabugh. Messrs. Kuhrt, Stearns, Perry and Jones, of the same committee, reported, recommending that the bid for Amoskeag fire engine put in by the Manchester Machine Works, be accepted.

Mr. Holbrook moved that the first recommendation be adopted.

Mr. Sinabugh said that he had first been in favor of the Amoskeag engine. He stated his reasons for making a different recommendation now. He thought that it would now be in and to come until next week the consideration of the committee who will have the matter in charge.

Mr. Jones amended Mr. Holbrook's motion by moving that the second recommendation of the joint committees be adopted.

Mr. Stearns charged that advertising for bids for one week longer was of no avail when all the fire engine manufacturers were fired thousands of miles away. It seemed as if the purpose of part of the Council was to have only one particular engine. Although he had nothing particularly against Mr. Terry, he objected to the recommendation of part of the joint committees, namely, the first one, because it was unfair to the Amoskeag, who had already obtained the favorable recommendation one week ago.

Mr. Breed called the attention of the President to the fact that there was no quorum present, and such discussion were better indulged in at committee meetings.

President Sinabugh, replying to Mr. Stearns, denied that any element of unfairness had entered into the action of the committee when the report was drawn up to which he had appended his name.

The discussion became rather acrimonious, and the Chairman called the meeting to order. The time for advertising bids was extended to four weeks.

For the Buena Vista street bridge were opened. They read as follows: Gratton Bridge Co., \$10,500; San Francisco Bridge Co., \$11,500; Hiers 134 each, Kinz Bridge Co., \$10,500. Referred to Bridge Committee.

The petition of E. M. Hamilton, et al, asking for the necessary timber to construct a wing-dam just above Daly street, to prevent the Arroyo Seco from overflowing its banks, was referred to the Board of Public Works, with power to act.

PEITITIONS. Were ordered referred to the respective committees by the Clerk of the Council.

From Chas. F. Fox, for remission of taxes.

Joseph Mullally, to use part of Fort street for building material.

John C. Haskell, to use part of New High street for same purpose.

Andrea Bolron, to have police interference with her trade as a retail tobacconist stopped, the alternative being a suit for damages against the city.

G. Burt, to rent city land in block 42.

J. Rodgers, for an allowance of \$1.35 per foot for grading Deepwater and Philadelphia streets.

J. L. Smith, et al, protesting against the granting of a saloon license, corner of First and Hewitt streets.

E. W. J. Scott, et al, for permission to grade Ninth street between Buckley street and east line of E. E. Green's property.

J. T. Slauson, et al, to remove hydrant from Fifth street, in front of First Presbyterian Church.

Louis Largomarinio et al, to have Mission street kept clean of refuse dumped thereon by S. F. Co.

L. E. Mosher and J. B. Quigley, for the taking of damages for laying down conduits and pipes in the streets.

Adjourned.

TERMS: ONE-THIRD CASH; ONE-THIRD SIX OR TWELVE MONTHS; BALANCE TWELVE OR EIGHTEEN MONTHS, to suit purchasers.

## THE VIGNES TRACT, Downey Avenue, East Los Angeles, IS DELIGHTFULLY SITUATED,

Rising gradually from the river to an elevation of 75 feet, making an easy and perfect drainage, thus insuring most excellent healthfulness to every lot in the tract. The whole tract is covered with

## Orange Trees and Grape Vines

Of the best varieties and in full bearing, being now heavily loaded with fruit. The property is unequalled for beauty of situation, for convenience to the center of business; and, being perfectly level, is all ready to build upon. TO VIEW THE PROPERTY take a Central Railroad car in Los Angeles and ride up Downey avenue, East Los Angeles. (See maps.) This is one of the most delightful rides to be had anywhere for ten cents—round trip.

## Parties Desiring a Home OR THOSE LOOKING FOR

## An Investment that will Surely Increase in Value, IT MUST BE SEEN TO BE APPRECIATED.

## The Communication

IS TO BE GREATLY IMPROVED AT ONCE. Buena Vista avenue has an appropriation of \$25,000 to build a bridge high above the river and above the railroads, thereby avoiding the danger and inconvenience of crossing the tracks.

## NEW NORTH MAIN STREET

## Is to Have a Railroad and Bridge Across the River.

## NEW CITY PARK

Now being laid out and decorated with lakes, drives, etc.
